Dear Massachusetts Voter,

We represent the Holistic Health Care Initiative of Massachusetts; an official state ballot committee approved by the Massachusetts Secretary of State's Office. Our intention, first in the Commonwealth of Massachusetts and ultimately across the nation, is to extend health insurance coverage to alternative and holistic health treatments.

Massachusetts, the trailblazer in the creation of noble legislation – the Massachusetts Constitution became the model for the United States Constitution, the Affordable Care Act was based on Romney Care, first legislated and offered in Massachusetts - and now a financial contribution to our Holistic Health Care Initiative of Massachusetts will go a long way towards requiring insurance coverage for alternative and holistic health treatments in Massachusetts and ultimately states across our great nation.

Imagine a health care situation, such as treatment for a serious disease like cancer, where there is health insurance coverage not only for the latest genetic-based treatments, unique for an individual, but also coverage for the latest alternative and holistic cancer treatments. This is a potent combination that greatly increases the possibility of a lifetime of good health and wellness.

I greatly appreciate your time in reading this letter. To donate to the Holistic Healthcare Initiative of Massachusetts, please visit our website at <http://holistichealthcarema.org>. Thank you.

Sincerely yours,

A handwritten signature in black ink that reads "Dr. Kevin J. Lizotte".

Dr. Kevin J. Lizotte, ND  
Chairman  
Holistic Healthcare Initiative of Massachusetts
